Special Meeting of the Supervisors.

In accordance with a resolution adopted by the board of supervisors directing County Clerk Martin to issue a call for a meeting within 15 days after election, notices will be sent out for a meeting on the 16th inst. Already there is much speculation as to who will be elected chairman of the board and the names of A. B. Cook, J. J. Whelan and F. H. Gould are being mentioned.

Small Primary Enrollment.

Many voters in the city will find themselves disfranchised at the June primary election and at all the primaries for the ensuing two years if the majority of the qualified throlled voters vote in favor of the direct system of making nominations. No one is to blame but themselves for their failure to have their names enrolled in the party enrollment book. The total number in the city is 1549, divided by wards as follows: First, 336; second, 393; third, 308; fourth, 205; fifth, 297. So far as reported more attention seems to have been paid to the enrollment in the townships.

Voting Machines.

Voting machines were used in the election at Lansing on Monday and the reports show that every one was pleased with the way they worked. The proposition to buy the machines was submitted to the voters with the result that 2,628 voted yes and 801 no. The Lansing Republicans say:

"The machines gave satisfaction generally throughout the city, although at some places the voters were a little slow. It is said that it took one voter at North Lansing thirty-five minutes to cast his ballot. One well known resident of the fourth ward called the inspectors behind the curtains three times before he finally rang the bell and registered his vote. The general opinion seems to be, however, that the machines are a great improvement, and the speed with which the returns could be learned especially pleased the citizens."

First to File Primary Petition.

The republican congressional committee for the eighth district filed on Tuesday with the Secretary of State petitions bearing the signatures of about 6000 republicans in the district asking that the question of direct nomination of candidates for representative in congress be submitted to the qualified voters of the party at the primary election in June. Of the signers about 2800 were obtained in Shiawassee county, 2,000 in Clinton, and 1200 in Saginaw. The 8th was the first district in the State to file the required petitions, with the Secretary of State. The circulars issued by Congressman Fordney early in February started a movement about the State which resulted in the circulation of petitions in every district in the State save the first and twelfth and the former now makes nominations by the direct method. The total number of signers in the district will exceed 9,000, more than double the required number.

Thanks His Constituents.

To the people of the Fourth Ward, for their magnificent endorsement of Monday, and to my friends in the other wards for their good wishes, I tender my most sincere thanks.

Assuring you of my earnest endeavor to serve the city to the best of my ability, I am,

Yours to command,
ED. RIGLEY.

To the Public.

I wish to make a statement in answer to the cowardly attack made upon me Sunday evening by a man of unclean heart and unbalanced mind, who crept into the pulpit of a church, and in the Press-American, under the guise of a good government meeting to slander people.

I have lived in Owosso upwards of twenty years; during that time I worked fourteen years for the Owosso Casket Company, and I think the books of that company will show that out of the fourteen years I was absent from duty not to exceed three months.

After leaving the Owosso Casket Company, three years and six months elapsed before I received my present position. One year of that time was spent in the northern part of the state, the balance of the time I was idle, and that time seems to trouble people with a narrow mind. I wish to state here that I did not and do not spend my money for whiskey, either to drink or to sell to other people at a large profit. I have always endeavored to look after my father and sister since I have been able to earn money.

During my term of office in the city council I endeavored at all times to serve the city to the best of my ability as I saw it and not to advertise myself. My political battles I have fought open and above board. Every citizen knew my position.

I received my appointment from the hands of my friends who know me best and knew that I never sneak behind a man's back to fight him.

The members of the city committee associated with me in the recent campaign, will, I am sure, father any statement that has been made. Since holding my present position I have done my duty as an officer, in this city as well as in other parts of my division, and if other officers have done their duties as I have done, they would have gotten the same result that I did here.

I have never had a complaint made against me for violation of government or state law and trust never will. During my residence in Owosso I will endeavor to conduct myself so that when leaving Owosso I may return at any time without the protection of the U. S. army or state militia.

Thanking my friends who have come to me personally with warm hand shakes and kind words since Monday morning, I am

Sincerely yours,
JAMES W. JORDAN.
